5th cen BC (2nd half)

~~Every month~~  
~~Greek Cal~~

Evidence from second half of  
5th Cen BC shows by this early  
time the Cal was already no  
longer tied in with the phase  
of the moon. The cities rarely  
intercalated months and added or  
omitted days at will to adjust  
the Cal to the course of the Sun and  
stars and also for convenience
